Junior Pharmaceutical Trip

Scott Bovard*

Following final examinations, the Class of '85 traveled to Kalamazoo, Michigan on December 15, 1983 for "The Drug Trip," a two-day visit to the Upjohn Company. Dr. Alan Conley from the ISU Department of Theriogenology joined the students for the visit to the pharmaceutical company.

*Mr. Bovard is a third-year student in the College of Veterinary Medicine at Iowa State University.

Under the escort of Upjohn Representatives Joe Felker and Bernie King, we were graciously welcomed in Kalamazoo where we stayed at the Hilton Hotel. The next day was spent touring the Upjohn production and research facilities, followed by a banquet that evening at our hotel and a night of dancing led by Joe Felker.

We would like to thank the Upjohn Company for the enjoyable visit and the hospitality and professionalism displayed to us during our stay.
